

**From birth to age 9**, every single child can easily learn music fundamentals with great ease and joy, and share it at home daily. **Musikgarten** is simply "making music together as a family" to bring every child musical literacy by age 9. I specialize in teaching families, babies to age 9, and even adults who may think it's too late for them! My teaching will add skills weekly that will prepare my age 9 graduates for any musical path.

**I understand that my commitment is for (circle one) 16 or 32 weeks and to pay full tuition for the entire term (32 weeks: tuition is due Sept 24 & Feb 13). Miss Katy will make up any class that is cancelled, however there are no refunds, credits or make-ups for classes missed, since early childhood music is best with consistency and a small group setting for informal education. Sequential learning begins at birth and is optimal for music and children to 9 years old.**
